There was a break-in into my garage at Zuid-Hollandstraat in Amsterdam, likely January or February 2014 (according to neighbors, theoretically could have been also October - December 2013) and most of my racing equipment was stolen.

Anyone who can provide hints that will lead to finding the thieves will receive a reward of 2,000 Euro and if I can get stolen goods back, there will be an extra reward of up to 3,000 Euro (depending what I can get back).
